NOTES

- (1) In that zone, Class "A" commercial uses (offices) are permitted only in buildings which article 11.3 of the present By-law defines as "shopping centres" or "office buildings".
- (2) Zone **216C** is a mixed use zone. Consequently, in addition to certain commercial uses, certain classes of residential uses are authorized, as per the particular provisions table for zone 144R.
- (3) Notwithstanding the minimum setbacks shown in the present table, no building shall be located at less than 22.85 metres (75') from any limit of the right-of-way of the Trans-Canada Highway and from any limit of the corridor of Autoroute 440.
- (4) In zone **203C**, notwithstanding any provision to the contrary, the following rules apply to that part of original lot 153 shown outlined in red on Plan A001-89K dated October 23, 1989 and prepared by Gunnar Skjaevestad, Architect, as attached to the present By-law as Appendix 3.1. The lay-out of the area shown on the said plan as well as the location and architecture of the buildings to be erected thereon, must conform to said plan and to plan A002-89K also dated October 23, 1989, also prepared by Gunnar Skjaevestad, Architect, and attached to the present By-law as Appendix 3.2.
- (5) Notwithstanding the set-backs shown on the present table, the set-backs applicable to any gas-bar, service-station and/or car-wash are governed by article 11.17.
- (6) The minimum width of the front facade of any gas-bar, service-station and/or car-wash is governed by article 11.17.
- (7) In zone **205C**, notwithstanding the classes of uses authorized according to the particular provisions table, the following commercial uses are also permitted: sale and maintenance of electronic office equipment; sale of sports equipment and sports clothes; outlet of the Société des Alcools du Québec; sale and maintenance of telephone equipment; sale of various articles commonly referred to as "gift shop"; library selling books only; drugstore; bank, savings union, "caisse populaire" or other similar financial establishment; PROFESSIONAL business offices; restaurant of the R-1 category in accordance with the definition given to this category by the Regulation concerning hotels and restaurants (R.R.Q. c. H-3, r. 3); display and sale of works of art. Moreover, in zone 205C, each place of business occupied by a distinct occupant or for a distinct business must have a minimum area of 4,000 square feet. Finally, in zone 205C, 42.8% of the area of the land which may be occupied by a building may be occupied by a building with a maximum height of five (5) storeys; the remainder of this area may only be occupied by a building with a maximum height of two (2) storeys.
- (8) In that zone, no building permit can be delivered before a site planning and architectural integration programme has been approved.
- (9) Limited to short-term and regular day-care and nursery school.
- (10) In zone **217C**, the only building to be erected must conform to the following plans:
 - a) the plan dated July 4th, 1989 identifying the project named "Centre commercial, édifice à bureaux Kirkland/Pointe-Claire, and entitled "Implantation proposée - Coupe" prepared by Giasson, Farregut, Archambault, Architects (file no. 113-89), and attached to the present By-law as Appendix 3.3;

- b) the plan bearing title "Elevations" and the perspective dated March 9th, 1989 identifying the project named "Campus Kirkland" prepared by Giasson, Farregut, Archambault, Architects (file No. 113-89) and attached to the present By-law as Appendix 3.4;

More particularly, but without restriction, must conform to what is illustrated on the plans and the perspective: the location of the building on the lot; the elevation of the building; the architecture of the building; the nature of the exterior finish materials of the building; the number and location on the lot of the parking spaces; the number and location of the points of access; the landscaping.

- (11) In zone **227C**, the only uses permitted are education establishments governed by the Act respecting private education (R.S.Q., c. E-9).
- (12) In that zone, class D-1 uses (restaurants) are authorized only within a shopping centre.
- (13) In that zone, the maximum above-ground floor area for a new commercial establishment or office building is limited to 12,000 square metres.
- (14) Notwithstanding subparagraph i) of paragraph d) of Article 11.17, in the case of a gas station combined with a car wash, or of a service station combined with a car wash, the car wash may be located in a building separate from the gas station or service station.

Notwithstanding paragraph b) of article 11.17, the sale of propane gas, in small tanks and for domestic use, is permitted but solely as a complementary use to a gas station or to a service station.

- (15) In this zone, all uses and buildings shall be grouped into a shopping centre, as defined in Article 11.3.
- (17) Zone **232C**: notwithstanding the second sub-paragraph of paragraph b) of article 2.4, the only class B-1 uses which are permitted in this zone are the following:
- medical clinics, with or without a pharmacy;
 - banks;
 - savings and loans institutions;
 - finance companies.
- (18) In this zone, sale of prepared food for take-out or for outside delivery is permitted as an activity complementary to the principal activity of serving meals to be consumed on the premises.
- (19) In zone 233-C:
- a) the minimum setback along a street located on the boundary between zones 148-R and 233-C is set at 10 metres;
 - b) the recovery of used domestic oil and oil filters is permitted in this zone;
 - c) the front setback and the parking space in the front setback is calculated from the limit of the right-of-way of the Trans-Canada Highway service road;
 - d) a truck lane or a loading dock adjacent to a residential zone shall include an acoustic screen that is at least 8' high on the private land;

- e) class G-7 uses: one parking space for each 47 square meters of leasable floor area, all uses included, including the area of the outside enclosure intended for the sale of landscaping products and accessories;
- f) classes F-12 and F-13 uses: one parking space for each 32 square meters of leasable floor area, all uses included;
- g) the authorized commercial uses are :
 - Class B-1 commercial uses, but limited to the following uses :
 - banks,
